

## SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

**Product:** FRAG0015 - Bakewell Tart Fragrance Oil

**Version:** 13

### Section 1. Identification of the substance or the mixture and of the supplier

#### 1.1 Product Identifier

**Product identifier:** FRAG0015 - Bakewell Tart Fragrance Oil (Contains: BENZALDEHYDE, COUMARIN, HELIOTROPINE, p-METHYL ACETOPHENONE)

**Other identifiers:** None

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

**Product uses:** Fragrances

#### 1.3 Details of the supplier of the safety data sheet

**Company name:** Supplies for Candles Ltd & The Soap Kitchen Ltd

**Company address:** Unit E Swinton Bridge Industrial Estate  
Whitelee Road  
Swinton  
South Yorkshire  
S64 8BH

**Contact:** Office Hours Mon- Fri 8.00 – 16.00

**E-Mail address:** customerservice@suppliesforcandles.co.uk

**Company phone:** TEL: 01709 257151

#### 1.4 Emergency telephone number

**Emergency phone:** 01709 257151

### Section 2. Hazards identification

#### 2.1 Classification of the substance or mixture

##### **Classification under Regulation (EC) No 1272/2008**

**Class and category of danger:** Acute Toxicity - Oral Category 4  
Eye Damage / Irritation Category 2  
Sensitization - Skin Category 1  
Specific Target Organ Toxicity (Single Exposure) Category 3  
Hazardous to the Aquatic Environment - Long-term Hazard Category 3  
H302, Harmful if swallowed.  
H317, May cause an allergic skin reaction.  
H319, Causes serious eye irritation.  
H335, May cause respiratory irritation.  
H412, Harmful to aquatic life with long lasting effects.

## SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

**Product:** FRAG0015 - Bakewell Tart Fragrance Oil

**Version:** 13

### 2.2 Label elements

#### Classification under Regulation (EC) No 1272/2008

**Signal word:** Warning

**Hazard statements:** H302, Harmful if swallowed.  
H317, May cause an allergic skin reaction.  
H319, Causes serious eye irritation.  
H335, May cause respiratory irritation.  
H412, Harmful to aquatic life with long lasting effects.

**Supplemental Information:** None

**Precautionary statements:** P261, Avoid breathing vapour or dust.  
P264, Wash hands and other contacted skin thoroughly after handling.  
P270, Do not eat, drink or smoke when using this product.  
P271, Use only outdoors or in a well-ventilated area.  
P272, Contaminated work clothing should not be allowed out of the workplace.  
P273, Avoid release to the environment.  
P280, Wear protective gloves/eye protection/face protection.  
P301/312, IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.  
P302/352, IF ON SKIN: Wash with plenty of soap and water.  
P304/340, IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.  
P305/351/338, IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P312, Call a POISON CENTRE or doctor/physician if you feel unwell.  
P330, Rinse mouth.  
P333/313, If skin irritation or rash occurs: Get medical advice/attention.  
P337/313, If eye irritation persists: Get medical advice/attention.  
P363, Wash contaminated clothing before reuse.  
P403/233/235, Store in a well-ventilated place. Keep container tightly closed. Keep cool.  
P405, Store locked up.  
P501, Dispose of contents/container to approved disposal site, in accordance with local regulations.

#### Substances with Community workplace exposure limits:

| Name              | CAS     | EC        | REACH Registration No. | %       | Classification for (CLP) 1272/2008 | Specific Conc. Limits, M-factors and ATEs |
|-------------------|---------|-----------|------------------------|---------|------------------------------------|-------------------------------------------|
| DIETHYL PHTHALATE | 84-66-2 | 201-550-6 | 01-2119486682-27-xxxx  | 20-<50% | -;-,-                              |                                           |

**Substances that are endocrine disruptors according to Regulation (EU) 2017/2100 or Regulation (EU) 2018/605, greater than 0.1%:**

Not Applicable

**Substances that are persistent, bioaccumulative and toxic or very persistent and very bioaccumulative, greater than 0.1%:**

Not Applicable

### Section 4. First-aid measures

#### 4.1 Description of first aid measures

**Inhalation:** IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

**Eye exposure:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**Skin exposure:** IF ON SKIN: Wash with plenty of soap and water.

**Ingestion:** IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.

## SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

**Product:** FRAG0015 - Bakewell Tart Fragrance Oil

**Version:** 13

### 4.2 Most important symptoms and effects, both acute and delayed

Harmful if swallowed.

May cause an allergic skin reaction.

Causes serious eye irritation.

May cause respiratory irritation.

### 4.3 Indication of any immediate medical attention and special treatment needed

None expected, see Section 4.1 for further information.

## Section 5: Firefighting measures

### 5.1 Extinguishing media

Suitable media: Carbon dioxide, Dry chemical, Foam.

### 5.2 Special hazards arising from the substance or mixture

In case of fire, may be liberated: Carbon monoxide, Unidentified organic compounds.

### 5.3 Advice for fire fighters:

In case of insufficient ventilation, wear suitable respiratory equipment.

## Section 6. Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures:

Avoid inhalation. Avoid contact with skin and eyes. See protective measures under Section 7 and 8.

### 6.2 Environmental precautions:

Keep away from drains, surface and ground water, and soil.

### 6.3 Methods and material for containment and cleaning up:

Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapours. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations.

### 6.4 Reference to other sections:

Also refer to sections 8 and 13.

## Section 7. Handling and storage

### 7.1 Precautions for safe handling:

Do not eat, drink or smoke when using this product.

## SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

**Product:** FRAG0015 - Bakewell Tart Fragrance Oil

**Version:** 13

### 7.2 Conditions for safe storage, including any incompatibilities:

Store in a well-ventilated place. Keep container tightly closed. Keep cool.

### 7.3 Specific end use(s):

Fragrances: Use in accordance with good manufacturing and industrial hygiene practices.

## Section 8. Exposure controls/personal protection

### 8.1 Control parameters

Workplace exposure limits:

| Ingredient        | CAS     | EC        | Description                                                   | Value                |
|-------------------|---------|-----------|---------------------------------------------------------------|----------------------|
| DIETHYL PHTHALATE | 84-66-2 | 201-550-6 | UK Long-term exposure limit (8-hour TWA) (mg/m <sup>3</sup> ) | 5 mg/m <sup>3</sup>  |
|                   |         |           | UK Short-term exposure limit (15-minute) (mg/m <sup>3</sup> ) | 10 mg/m <sup>3</sup> |

### 8.2 Exposure Controls

#### Eye / Skin Protection

Wear protective gloves/eye protection/face protection

#### Respiratory Protection

Ensure adequate and ongoing ventilation is maintained in order to prevent build up of excessive vapour and to ensure occupational exposure limits are adhered to. If appropriate, and depending on your patterns and volumes of use, the following engineering controls may be required as additional protective measures: a) Isolate mixing rooms and other areas where this material is used or openly handled. Maintain these areas under negative air pressure relative to the rest of the plant. b) Employ the use of Personal protective equipment - an approved, properly fitted respirator with organic vapour cartridges or canisters and particulate filters. c) Use local exhaust ventilation around open tanks and other open sources of potential exposures in order to avoid excessive inhalation, including places where this material is openly weighed or measured. In addition, use general dilution ventilation of the work area to eliminate or reduce possible worker exposures. d) Use closed systems for transferring and processing this material.

Also refer to Sections 2 and 7.

## Section 9. Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

|                                                                  |                                        |
|------------------------------------------------------------------|----------------------------------------|
| <b>Physical State/Colour:</b>                                    | Clear colourless to pale yellow liquid |
| <b>Odour:</b>                                                    | Not determined                         |
| <b>Odour threshold:</b>                                          | Not determined                         |
| <b>Melting point/freezing point:</b>                             | Not determined                         |
| <b>Boiling point or initial boiling point and boiling range:</b> | Not determined                         |
| <b>Flammability:</b>                                             | Not determined                         |
| <b>Lower and upper explosion limit:</b>                          | Not determined                         |

## SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

**Product:** LTDFRAG025 - Berry Bewitching Brew Fragrance

**Version:** 1

|                                                            |                 |
|------------------------------------------------------------|-----------------|
| <b>Flash point:</b>                                        | 84 °C           |
| <b>Auto-ignition temperature:</b>                          | Not determined  |
| <b>Decomposition temperature:</b>                          | Not relevant    |
| <b>pH:</b>                                                 | Not determined  |
| <b>Kinematic viscosity:</b>                                | Not determined  |
| <b>Solubility:</b>                                         | Not determined  |
| <b>Partition coefficient: n-octanol/water (log value):</b> | Not determined  |
| <b>Vapour pressure:</b>                                    | 0.27112644 mmHg |
| <b>Density and/or relative density:</b>                    | 1.1180 - 1.1220 |
| <b>Relative vapour density:</b>                            | Not determined  |
| <b>Particle characteristics:</b>                           | Not determined  |

**9.2 Other information:** None available

### Section 10. Stability and reactivity

#### **10.1 Reactivity:**

Presents no significant reactivity hazard, by itself or in contact with water.

#### **10.2 Chemical stability:**

Good stability under normal storage conditions.

#### **10.3 Possibility of hazardous reactions:**

Not expected under normal conditions of use.

#### **10.4 Conditions to avoid:**

Avoid extreme heat.

#### **10.5 Incompatible materials:**

Avoid contact with strong acids, alkalis or oxidising agents.

#### **10.6 Hazardous decomposition products:**

Not expected.

### Section 11. Toxicological information

#### **11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008**

This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in Regulation (EC) No 1272/2008 (CLP).

|                                   |                                                                  |
|-----------------------------------|------------------------------------------------------------------|
| <b>Acute Toxicity:</b>            | Acute Toxicity - Oral Category 4                                 |
| Acute Toxicity Oral               | 1645                                                             |
| Acute Toxicity Dermal             | >5000                                                            |
| Acute Toxicity Inhalation         | Not Available                                                    |
| <b>Skin corrosion/irritation:</b> | Based on available data the classification criteria are not met. |

## SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

**Product:** FRAG0015 - Bakewell Tart Fragrance Oil

**Version:** 13

**Serious eye damage/irritation:** Eye Damage / Irritation Category 2  
**Respiratory or skin sensitisation:** Sensitization - Skin Category 1  
**Germ cell mutagenicity:** Based on available data the classification criteria are not met.  
**Carcinogenicity:** Based on available data the classification criteria are not met.  
**Reproductive toxicity:** Based on available data the classification criteria are not met.  
**STOT-single exposure:** Specific Target Organ Toxicity (Single Exposure) Category 3  
**STOT-repeated exposure:** Based on available data the classification criteria are not met.  
**Aspiration hazard:** Based on available data the classification criteria are not met.

### Information about hazardous ingredients in the mixture

| Ingredient            | CAS      | EC        | LD50/ATE Oral | LD50/ATE Dermal | LC50/ATE Inhalation | LC50 Route    |
|-----------------------|----------|-----------|---------------|-----------------|---------------------|---------------|
| BENZALDEHYDE          | 100-52-7 | 202-860-4 | 1430          | 2500            | 1.5                 | Dust/mist     |
| COUMARIN              | 91-64-5  | 202-086-7 | 500           | Not available   | Not available       | Not available |
| p-METHYL ACETOPHENONE | 122-00-9 | 204-514-8 | 1400          | Not available   | Not available       | Not available |

Refer to Sections 2 and 3 for additional information.

### 11.2 Information on other hazards

Not Applicable

## Section 12. Ecological information

### 12.1 Toxicity:

Harmful to aquatic life with long lasting effects.

**12.2 Persistence and degradability:** Not available

**12.3 Bioaccumulative potential:** Not available

**12.4 Mobility in soil:** Not available

### 12.5 Results of PBT and vPvB assessment:

This substance does not meet the PBT/vPvB criteria of REACH, annex XIII.

**12.6 Endocrine disrupting properties:** Not Applicable

**12.7 Other adverse effects:** Not available

## Section 13. Disposal considerations

### 13.1 Waste treatment methods:

Dispose of in accordance with local regulations. Avoid disposing into drainage systems and into the environment. Empty containers should be taken to an approved waste handling site for recycling or disposal.

## Section 14. Transport information

## SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

**Product:** FRAG0015 - Bakewell Tart Fragrance Oil

**Product:** FRAG0015 - Bakewell Tart Fragrance Oil

**Version:** 13

|              |                                                                                                                                  |
|--------------|----------------------------------------------------------------------------------------------------------------------------------|
| H332         | Harmful if inhaled.                                                                                                              |
| H335         | May cause respiratory irritation.                                                                                                |
| H412         | Harmful to aquatic life with long lasting effects.                                                                               |
| P261         | Avoid breathing vapour or dust.                                                                                                  |
| P264         | Wash hands and other contacted skin thoroughly after handling.                                                                   |
| P270         | Do not eat, drink or smoke when using this product.                                                                              |
| P271         | Use only outdoors or in a well-ventilated area.                                                                                  |
| P272         | Contaminated work clothing should not be allowed out of the workplace.                                                           |
| P273         | Avoid release to the environment.                                                                                                |
| P280         | Wear protective gloves/eye protection/face protection.                                                                           |
| P301/312     | IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.                                                       |
| P302/352     | IF ON SKIN: Wash with plenty of soap and water.                                                                                  |
| P304/340     | IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.                                 |
| P305/351/338 | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P312         | Call a POISON CENTRE or doctor/physician if you feel unwell.                                                                     |
| P330         | Rinse mouth.                                                                                                                     |
| P332/313     | If skin irritation occurs: Get medical advice/attention.                                                                         |
| P333/313     | If skin irritation or rash occurs: Get medical advice/attention.                                                                 |
| P337/313     | If eye irritation persists: Get medical advice/attention.                                                                        |
| P362         | Take off contaminated clothing and wash before reuse.                                                                            |
| P363         | Wash contaminated clothing before reuse.                                                                                         |
| P403/233/235 | Store in a well-ventilated place. Keep container tightly closed. Keep cool.                                                      |
| P405         | Store locked up.                                                                                                                 |
| P501         | Dispose of contents/container to approved disposal site, in accordance with local regulations.                                   |
| SCI 2        | Skin Corrosion / Irritation Category 2                                                                                           |
| SS 1B        | Sensitization - Skin Category 1B                                                                                                 |
| STO-SE 3(RI) | Specific Target Organ Toxicity (Single Exposure) Category 3                                                                      |
