FILL

This Soil Association certified Conditioner Base contains 73% Organic Ingredients. It is fully formulated, pre-thickened and only requires the addition of organic essential oils or fragrance. It is suitable for all hair types and enriched with nourishing emollients.

Hair Conditioner Base is fully formulated, cold process, pre-preserved and ready to go. Ideal for manufacturers large or small, hand fill or automate to produce a line of liquid products.

- > Will allow production of a certified Hair Conditioner, if the converter/filler has organic certification
- > Blended with nourishing organic certified Shea Nut butter, Jojoba, Sunflower and Olive oils
- > Enriched with moisturising Aloe Vera and conditioning Sugar Beet Betaine
- > Light velvety texture
- > Suitable for all hair types
- > Rinse out for normal to oily hair types
- > Partially rinse out for normal to dry hair types
- > Contains nourishing emollients

MADE IN ENGLAND

EXAMPLE RECIPE

Here we show you how to convert one of our liquid bases into a Hair conditioner using our **Hair Conditioner Base**.

Follow the steps below to create a range of tailored Liquid soap products using our innovative Hair Conditioner Base.

- **Hair Conditioner Base** - Add the desired weight needed
- Add upto 2% fragrance / essential oil
- Mix together for 5 minutes until additives / ingredients are dispersed
- Fill into your finished packaging

Open - Simply open the packaging and weigh out your desired amount of Hair Conditioner Base.

Heat - Whilst stirring, heat the hair conditioner base to 38 – 40c. Add

Add - Add Essential Oils or Fragrances of your choice to your liquid base. We recommend adding no more 0.5% to the Hair Conditioner Base.

Mix - Gradually mix the materials together in a suitable container until smooth and homogeneous, approx. 10 - 15 minutes.

Fill - Once fully mixed fill into your chosen packaging, bottles, or tubs. (always run full stability testing prior to sale / distribution)

PACKAGING

Liquids are available in a range of packaging, just pick a size that suits your needs:

- 5KG Jerry Can
 - 25KG Bucket
 - 200KG DRUM
 - 1,000KG IBC / TOTE
-
